Sylvia Schepps Baker BS, LMT Recreational Therapist has 30 years of experience working with children with special needs. Individual sessions available by contacting Sylvia.

This workshop is split into 2 hours; first 2 hours only for the parent and the last 2 hours for parent and child.

This workshop is to teach the parent how to get started in the wonderful world of water for their special needs child. They will learn the best way to hold the child without increasing fears. How to use equipment and which ones for their particular needs.

Games and activities to promote development and fun. Techniques to promote independence.

♦ Focus on ability
not disability!

Workshop conducted at
